in Canal Point, Florida, as Second Class Matter.

Paul Rardin . . . Editor and Publisher

It's fair week in the Everglades. We're not speaking of the weather. It has been anything but fair. More of that "unusual" kind.

Today the Lake Region welcomes south Florida visitors. It is our sincere hope that each visitor will leave this area with a favorable impression of the folks who make up our citizenry.

The Legislature is off to a new start. At the end of 60 days we shall see what the group has accomplished. In these times the members of the house and senate have an opportunity to carve a niche in history for themselves. Let's hope they do something for the betterment of the state.

## POLITICAL GENIUS BUDS

That peerless politician, Mark Hanna, was once making an inspection of one of his factories when he overheard one young employee remark to another, "I wish I had old Hanna's money, and he was in the poor-house."

"Then what would you do?" inquired

Hanna, suddenly confronting the speaker. "Well, I guess the first thing I would do would be to get you out of the poor-house."

"But that boy's wrong," Hanna remarked later to his superintendent. "He's got a good politician to keep down."—Wall St. Journal.

## POETIC INDIANS

The town and counties named by the Indians and their meanings are given by the Eustis Lake Region, speaking of that immediate section. They are as follows: Umatilla, Horse Heaven, Seminole, Peace River; Apopka, big potato; Oklawaha, Crooked Stream; Astutilla, Light Flashing on Water; Okeechobee, Big Pond; Wekiwa, Water of Mystery.

This compares extremely favorably with the paleface nomenclature tagging towns and cities after some suddenly rich and ignorant nobody. Look at them: Jonesville, Jacksonville, Perryville, Bonnetville, Russellville, Juleville, Starbuckville, Hartsburgville, Scruggsville, Hawkinsville, Buzzsawville, Simpkinsville, and so on to infinity with the "villes," "bors," "burgs."

The noble red man was a little too bent on extermination when he was on the war path, which, however, was only when he was awake, and not noted for a burning desire to labor, but he never learned to play "skin" on the pale face style when doing business.

We have lived with the Indians and with the pale face, and we would rather do business with the former, ten-to-one, than with the latter. Let's stick to the word—Luke Wales Highlander.

## THE EVERGLADES NEWS, CANAL POINT, FLORIDA

State Board of Forestry that woods-burning destroyed \$8,881, 717.60 worth of property last year. It is also estimated by the same board that more than 75% of all the deer are deliberately shot and willfully set by incendiaries. Most everybody knows why these fires are set. And most everybody knows how it can be stopped.

The State Game Department spent \$214,513.32 last year. I don't think any citizen who offered a gun at a flying foot of property of feral nature (wild animal) will begrudge that expenditure.

Next week I am going to dig up and deal out some more fascinating facts about State finances. For instance, I am going to tell you what it costs to operate the Railroad State Prison, the State University of Florida, the Woman's College at Tallahassee, the colored college in the same city, ad infinitum ad nauseum.

Those of you who have had the patience and the persistence to "plough" through the "Continental story" of the State's finances that has illuminated the pages of this excellent organ of enlightenment for the past several weeks know that I signed off last week with a threat to tell this week about the cost of maintaining state buildings, the highway patrol, the state militia, and a flock of other functions of state government.

A total of \$640,050.10 was spent last year on general government buildings of the State. \$106,312.68 of this sum was spent in constructing a power plant at the Florida State Hospital (insane asylum) and \$100,000.00 for fixtures, furniture and equipment for this plant. \$60,900.38 was spent on the State Tuberculosis Sanatorium at Orlando.

There was spent for salaries and labor on the Capital building and grounds the sum of \$155,040.65.

For the care and upkeep of the Governor's mansion the sum of \$148,346.34 was expended. Only \$10,000.00 was spent for furnishings in the Governor's mansion. There was scant need for spending money to beautify the White House. The mansion office was so superbly adorned and embellished by the lovely and alluring First Lady that the grace of it would have been entirely superfluous to spend all of money trying to make it more attractive.

And speaking of the Governor's mansion, I am reminded that it is among the four or five most attractive and impressive in the United States. A few months ago pictures of every Governor's mansion in the Union appeared in LIFE Magazine, and it was easy to see that Florida's is among the top four or five. I would not be ashamed to reside there.

The sum of \$450,000.57 was spent for State policing (the State Highway Patrol).

The Florida National Guard cost the taxpayers \$113,794.49 last year.

A total of \$2,607,757.16 was spent last year for the regulation of public service, occupations and inspections. Some of the public service commissions and boards are as follows: (1) Railroad Commission, which spent \$13,924.09 last year for salaries; (2) Florida Securities Commission, which incurred expenditures of \$13,987.23; (3) Florida Milk Commission, which ran up an expense of \$22,744.12; (4) State Board of Law Examiners—expenses—\$20,000.00; (5) Real Estate Commission—expenses—\$41,040.55; (6) Barber's Sanitary Commission—expenses—\$24,662.18; (7) State Board of Health—expenses—\$10,000.00; (8) Florida Fire Cleaning and Laundry Board—expenses—\$23,347.03; (9) Florida Workmen's Compensation Fund—expenses—\$108,911.79.

There was spent for egg inspection by the State last year the sum of \$44,348.99. (Columnist's Note: This inspection did not cover the eggs that were thrown in the presidential campaign last fall.)

The tidy sum of \$550,000.84 was spent last year for citrus fruit inspection.

The Florida Citrus Commission spent \$61,650.31 last year.

The Agriculture Marketing Board spent \$127,949.95 last year. The following sums were spent for ADVERTISING by the State last year: (1) Bureau of immigration—advertising—Florida—\$75,070.73; (2) orange advertising—\$23,272.77; (3) grapefruit advertising—\$451,585.87; (4) Langston's advertising—\$129,540.55. A lot of people wonder if the State is getting its money's worth on its citrus advertising.

The Everglades Fire Control District spent \$25,500.00 last year. If just one fire was prevented it was worth the money.

Next week I am going to reveal what the State of Florida spends for the health of its citizens.

**DOUBT ROMANCE OF**  
**"KITTY FOYLE"**  
A white collar girl's contrasting romances color the dilemma of Ginger Rogers in her newest vehicle "Kitty Foyle."

In the title-role of this exciting film version of the best-seller by Christopher Morley, Miss Rogers has what is said to be her most gripping and appealing characterization.

As Kitty grows up to enjoy the wealthy socialites of the city, and retires a job as secretary to one of them. The acquaintance leads to a short-lived marriage, annulled by Kitty herself when the boy's family refuse to let them lead the life they have planned.

She even keeps secret that she's going to have a baby, when she learns he is going to marry a society girl. But despite her sacrifice and her clear thinking she can't forget him—and that leads to the absorbing climax of the picture.

"The Letter."  
"The Letter, pronounced by newspaper critics and audiences alike to be the finest of all Miss Davis' pictures, is based on W. Somerset Maugham's most brilliant stage drama, originally presented on Broadway by the Theatre Comique in the starring role. It is the story of a woman who murders for love and the consequences she suffers, even though the law acquits her. A searching drama, directed with delicate and restrained by William Wyler, and brilliantly acted by Bette Davis and a strong supporting cast, it has been selected by Red Book Magazine as the Best Picture of the Month."
